

Anti-flash rust agent Tech-8872

Descriptions

Tech-8872 is an anti-flash rust additive formulated with organic carboxylate and inorganic sodium salt, which has a good effect on preventing corrosion in water-based industrial paint systems

Physics and Chemical properties

Ingredient: Organic carboxylate with sodium nitrite compound

Appearance: Light yellow transparent solution

Content: 25%

Solvent: water

Application System and Dosage

The recommended dosage is based on the total formula to add 0.1~2%, and the optimal dosage depends on the specific content of formaldehyde in the system

Package

25kg plastic drum

TECH Polymer

A company focus on additives since its birth
